Day 7 – Authentic Island Tour

- Breakfast at the hotel and departure in private car with experienced driver-guide for a full day tour

This full day highlights all of the featured points of interest of Rodrigues Island, specifically the northern, eastern and southern parts.

You will discover the capital; Port Mathurin in the North of the Island, the port, craft shops, the Central Administration. Then you will visit Grand Bay, Anse aux Anglais, Reine de Rodrigues at Pointe Canon where we will have a beautiful view of Port Mathurin. Then you will pass through Baie aux huitres and Baie du Nord where we will reach the southern part of the island...

You will see the most interesting sites of Rodrigues; the Reserve of François Leguat giant tortoises and its Cavern . It is one of the many caves in Rodrigues Island, but it is certainly the most impressive. The cave where you will descend over 100 meters underground is impressive because the cave extends over 800 meters.

Passing through the charming small villages along the road of Port Sud Est towards the 52 curves road until Eau Claire, you will have a great panoramic view of the blue lagoon and some islets .

Then you will visit the church of Saint Gabriel one of the biggest of the Indian Ocean until 2002... Typical Lunch in a guest house.

Finally, you will visit the east where you will find one of the most beautiful beaches of the island such as Pointe Cotton, Fumier, Anse Ali et Saint François...

Day 8 – Robinson Crusoe Tour

- Breakfast at the hotel
- Departure in private car with your driver-guide for a full day in the infinite lagoon

From Baie du Nord, a boat will take you to this paradise islet located at 4 km west of Rodrigues. You will spend a full day on one of the most beautiful beaches of the island. For lunch, you will savor freshly cooked Rodriguense specialties. In addition, you will discover a natural reserve where thousands of sea birds have sought shelter and enjoy the fresh waters of the blue lagoon.

Classified "nature reserve", a visit to this island is tightly controlled by the state and requires a permit which is preserved cleverly, the island cannot be visited completely, because one third of its surface is inaccessible to the public. Its neighboring island, Ile aux Sables, home to thousands of birds, is in turn completely off limits.

Moreover, fishing around the islands is not allowed to preserve food resources of the occupants who are feasting on squid and small fish. Two guards, permanently on the island, sharing the monitoring of the reserve. With these controls, the island remains a breeding site for the species, evidence of successful cohabitation between birds and tourists!
